

Intended use of additional “Pupil Premium” funds

The department for education provides funding for each student from a disadvantaged background. The evidence shows that economically disadvantaged students perform significantly less well on average than non-disadvantaged students, at all levels of school education; furthermore, economically disadvantaged students are also associated with slower progress compared to their peers with the same level of attainment. Disadvantaged students are currently defined as those who have been registered for Free School Meals (FSM) at any point in the past six years and children looked after for six months or more. Ensuring high quality teaching and learning for all is the fundamental upon which the strategy is built. The evidence clearly shows that the impacts of poor quality teaching disproportionately impact disadvantaged students.

Planned spending for 2017-18

Total Budget: £173,000

Barrier to learning and progress	Strategy to overcome barrier	Budgeted Cost
Attendance. “pupils with no absence are 2.8 times more likely to achieve 5+ GCSEs A*-C including English and mathematics than pupils missing 15-20% of KS4 lessons.” <i>(DfE February 2015)</i>	Attendance officer with a specific pupil premium workload	£18,500
	Attendance rewards for pupil premium students	£1,000
