

# OLDFIELD SCHOOL

## Aims and Values

To Inspire

To Learn

To Succeed

Our ethos has always been the same; to provide an exceptional education.

We provide an environment that challenges all students and fosters ambition.

Our students have respect for themselves, each other and their school and are well prepared to face the world as compassionate, confident, resilient young people.

### **Nature of the school and location**

Oldfield School is a successful, high attaining 11-18 mixed comprehensive with 1250 students located in the historic city of Bath. The school campus is on the outskirts of the north-west of the city and we benefit from a large, semi-rural setting with excellent transport links for students and staff. The school has an attractive, open and dispersed site. A notable feature is the location of teaching rooms and our sixth form in Penn House, this is an 18<sup>th</sup> century Georgian manor house.

Our school has an excellent reputation locally and in the wider community for academic achievement and the quality of its pastoral care and support. The school has with a comprehensive intake which reflects the diversity of the local community. The most recent Ofsted inspection was in January 2020, when the school was judged to be good in all areas. A feature of the inspection report was the inclusive nature of the school and the sense of community felt by staff and students. Inspectors commented that staff were overwhelmingly positive about the support that they receive from leaders and on how friendly and welcoming the school is for staff.

Oldfield is a school where staff development is an essential feature. The teaching and support staff at the school are an excellent team who work well together to provide opportunities for students to achieve or exceed their potential. The needs of our students are paramount and this is recognised by all staff, who have a common view that only the best is good enough. We have a commitment to sharing good practice in developing leaders, teachers and support staff.

The school has a successful and popular sixth form of 190 students. We offer a wide range of A Level courses and opportunities for our sixth form students and all faculties offer A Level courses. A Level classes are relatively small, which provides a personalised learning experience for our students.

### **Curriculum**

The curriculum for Key Stage 3 follows the National Curriculum. Students study either Spanish or French throughout Key Stage 3 with the more able studying both languages. A wide range of courses additional to the core subjects are offered at Key Stage 4. Students are encouraged to study humanities and languages and the great majority do so. There is setting in ability groups in Key Stage 3 and Key Stage 4 where appropriate. Almost all Key Stage 4 examination entries are GCSEs, Year 10 and 11 students typically study 9/10 GCSEs. Subjects are organized in six learning areas with the leaders of learning line-managed by SLT.

### **Pastoral Care**

Students remain in the same tutor group throughout their school career. The Heads of Year are responsible for the pastoral care of around 200-224 students from Years 7 to 11. The pastoral leaders are supported and line managed by a member of SLT. We also have a House System to encourage a sense of community. The four houses are led by a Head of House and there are regular interhouse competitions and fund raising events.

### **Resources and Accommodation**

The provision of high quality resources is a priority for the school. There are specialist teaching rooms for all subjects and most teachers have their own teaching room. ICT facilities are excellent with specialist ICT teaching rooms as well as comprehensive ICT facilities in many general teaching rooms. The school is very well maintained, ensuring that learning spaces of the highest possible standard is a priority.

Oldfield School is a fantastic place in which to work. Students are keen and helpful and staff are enthusiastic and dedicated to bringing about the highest quality learning outcomes for our students.
