New Intake Evening

OSA Uniform sale

11 July

Evening of Dance

13 July

Yr 12 Parents Evening

15—16 July

DofE final expedition

18 July

Oldfest

21 July

END OF TERM 6

Dear Parents and Carers

I hope that you and you families are enjoying the belated arrival of warmer and more settled weather. It has been very much welcomed by our students, as we have been able to open Penn Field for them at break and lunchtime.

As you would expect Term 5 has been incredibly busy with Year 10 sitting their mock exams and Year 11 and 13 preparing for their GCSE and A Level examinations. Year 11 and 13 have approached these examinations in a commendable manner and I am quite sure they will be rewarded with excellent outcomes this summer.

It has also been very busy with regards to trips, activities and events over the last 6 weeks and you can read more about these in this newsletter. The Music Department has had a particularly busy term, with participation in the Bath Schools Voices project. It was a pleasure to watch them perform in Bath Abbey, it was an uplifting experience and our students performed brilliantly. The Battle of the Bands this week, was a very different but, by all accounts, just as enjoyable an experience and I hope to persuade the winning bands to perform at Oldfest. There will be more information on these events in the next newsletter, early next term. Looking ahead to next term; the final preparations for Activities Week are in hand, preparations for Oldfest will be underway shortly, Year 10 will be preparing for their work experience week and rehearsals for our production of Bugsy continue.

Our sporting teams have had a very good term, with our Year 7 girls football team getting to the Somerset Cup final, the Year 8 boys football team winning the BANES Cup and our Year 9 boys football team will be playing in the BANES cup final early next term. Congratulations to everyone involved with all of our sporting teams.

We have recently appointed our team of Year 10 prefects, they are in their probationary period at the moment and will be confirmed in post early in Term 6. Interviews for our student leadership team will be taking place early next term as well. This will be for our Head Prefects and our Head Student from the Sixth Form.

Following the appointment of Jessica Lobbett as Headteacher at Castle School we have appointed Garry Anderson to the post of Deputy Headteacher (Pastoral). Garry is currently Assistant Headteacher at Devizes School. We have also appointed Hannah Fleming, from Ralph Allen School, to a new Assistant Headteacher role. This post will have responsibility for Pupil Premium and student and staff wellbeing. Congratulations to James Beddow on his appointment to Deputy Headteacher at the Sandon School in Essex, we are interviewing this week to replace him in his Assistant Headteacher role at the school.

As this year has progressed I have been experiencing a number of school events for the last time in my teaching career and have not particularly reflected on these. The exception was my last lesson, which was with my Year 11 history class. As I was preparing for this it suddenly struck me that this would be the last time I would teach one of my own classes. I do not mind admitting that I was quite affected by this and it reminded me of what I enjoy most about my job: being in a classroom teaching history. I am quite certain that this is what I will miss the most in retirement and this, is in no small measure, because our students are such a pleasure to teach and to spend time with.

Wishing you a restful and enjoyable holiday.

Best wishes,

Steven Mackay, Headteacher

NOTICE BOARD

Information for parents and carers on childhood immunisations

The local authority Public Health Team have asked us to share the following information on immunisation with you.

If you are not sure if your child is up to date with all their routine immunisations, check their Red Book (personal child health record). It's important that immunisations are given on time for the best protection, but if you or your child have missed one, contact your GP to catch up. You can read more about NHS immunisations and when to have them at: <https://www.nhs.uk/conditions/vaccinations>

If you are concerned that your child has **missed an immunisation at school** contact the Single Point of Access 0300 247 0082 or email vcl.immunisations@nhs.net . Further information can be found here wiltshirechildrensservices.co.uk/our-services/immunisation-service

For up-to-date information about **Covid Immunisations** for children aged 5-15 please visit the [NHS Website Covid Vaccines for 5 – 15-year-olds](#) and for those 16 and over please visit the adult [NHS Website Covid Vaccine](#) .

Updating details – general and medical

Please ensure you keep us up to date on where you live and contact numbers and email if they change. Also, if your child suffers from a medical condition then we need to be informed of any changes. Please do so by emailing enquiries@oldfieldschool.com

Oldfield_school

Duke of Edinburgh Silver Award : OSA would like to express our huge thanks to Esther in Year 12 who has been volunteering for OSA for the last six months as part of her Duke of Edinburgh Silver Award. She has done a fantastic job supporting OSA in so many ways. We are particularly grateful for all the hard work she has put in to organizing the pre-loved uniform behind the scenes getting ready for each sale. This is a really time consuming task with heavy boxes to shift and many labels to write. She has done it all with a smile, and we are not sure how we will get on without her!

If your child is looking for a volunteering role in school for their D of E please do get in contact with us.

WANTED

Request for Uniform. Our next pre-loved uniform sale is Monday 10th July at 3pm in Penn House. Last year the summer uniform sale was a massive event with many of our new Year 7 intake attending. Our uniform sales are a great way of reducing waste and all the money we raise goes straight back to supporting the school.

WE NOW NEED MORE STOCK!

We want to have a wide selection of Price and Buckland blazers, skirts, trousers and PE kit available. If your child is in Year 11 we would love it if they could donate their uniform to OSA after their final exams. Please send donations into reception in a bag labelled OSA. Year 11s can bring their donations in at the Year 11 leavers assembly on 7th July.

We accept blazers, skirts, trousers, jumpers and PE kit. The uniform should be in good condition, washed and ready to sell. We are unable to accept coats, shirts, PE socks or any shoes.

OSA Committee : There are a few changes in the committee coming up at the end of this academic year. Deborah Cottle, Gaynor Williams and Nic Clements are stepping down from their respective roles of treasurer, chair and stock person. Between them they have racked up over twenty years of volunteering for the OSA. We are very grateful for the time, energy and commitment they have given to OSA. We are currently seeking additional volunteers to take on these roles.

Parents and carers who have volunteered over the years say that OSA has been one of the best ways to be involved in school life. Whether you can give a few hours a term or a few hours a week, your help matters. If you can add up and do a spreadsheet or if you want to choose the beer and ale for the next school event, please get in contact with us to arrange a time for an informal chat to find out more. Email Gaynor Williams at osa@oldfieldschool.com. Please do get involved and make a difference.

Dates for your diary

Wednesday 7th June: OSA meeting online, all welcome. Email osa@oldfieldschool.com to be sent an agenda and the zoom link

Monday 10th July: Pre-loved uniform sale, 3pm to 5.45pm in room PO2 in Penn House. Please see more details at www.oldfieldschool.com/about-us/osa/second-hand-uniform-sale/

PSHEdition

Term 5 has flown by and the PSHE curriculum and opportunities have been varied for our students. We started the term with our Tender Project which allowed a group of Year 9 students to expand their understanding of what healthy relationships look like. The students that took part in the 2 day workshop created a filmed resource for us to share with the rest of their year group and this film will be shared in curriculum lessons. The Tender group have also worked with our Year 12 students.

At Oldfield we make sure that our students are aware of the topics being covered during Mental Health Awareness Week. In recent years, we have discussed "Sleep" and "Nature" and how these factors can help or hinder our mental health. The theme of the Mental Health Foundation this year is "Anxiety". If you would like further information about the theme then click on the link www.mentalhealth.org.uk/

United Differences

Our Year 11 United Differences students have been busy working with Miss Daly on a quiz that was shared as part of our recent Diversity Day. We'd like to thank them for all their hard work over the last few years building the group and wish them well in their exams. Our newest group with Year 7 and 8 students has been somewhat hindered by bank holidays but I know that they are raring to get going on their own projects. We would still like to welcome lots more students so if you are passionate about all aspects of diversity then please come along on Monday lunchtimes to DS1 from 1:15pm.

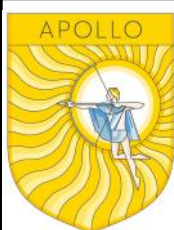

Curriculum Content

To finish the year, Year 7 will be focusing on aspects of cyberbullying as well as cybercrime. With the warmer weather on the way they will be discussing water and sun safety too. Following the success of Diversity Day, Year 8 students will focus on making sure we value diversity both in school and in our wider communities. Year 9 will be discussing relationships that we see on our screens alongside the Tender Project lesson and Year 10 are set to move on to health and wellbeing as well as British Values.

Whats Next?

Whilst the end of the school year is in sight there are still plenty of events happening in the PSHE calendar. We have talks from Andri from the Avon and Somerset TOPAZ team and Nik from Stand Up To Violence. United Differences will be planning their Oldfest stall and our RE:SET project work continues too.

Mrs Macnaughton, Head of PSHE

Oldfest 2023

As exam season kicks off for our Year 11 students the rest of the school begin to think about our whole school celebration at the end of term. **Tuesday 18th July** is the date for the fun and games on Penn Field. As well as inflatables the students will be running stalls with each group taking responsibility for a different category. From drinks and snacks to fun and games, live music and festival chic, everyone will be able to enjoy the whole experience.

The Heads of House will launch Oldfest with their tutor groups at the end of the term and then the work begins. Who will claim the 'soak the teacher' stall? Will the Sixth Form tutors be running the BBQ again? Will the flower crowns be the best seller for the will Year 7 be able to match their house colours? We'll 18th July to find out!

second year running? How well snack and drink choices with their have to wait until

EVENTS AND ACTIVITIES

We would like to thank Richard Bush and the Bath Rotarians for running another successful Enterprise Challenge at Oldfield school. Each week the Rotarians mentored our students to help them with their projects and assessed them at selling events at Green Park and other school fetes.

In the semi-finals in February, four teams made it through to the finals. Well done to the following students who presented to an audience made up of friends and family, as well as to the judges from the Bath Rotarians and other members of Oldfield school staff;

- | | |
|--------------------|--------------|
| Inaya Cheetham-Bah | Amber Hill |
| Maya Clark | Wen Jie Lin |
| Alex Evans | Sienna Smith |
| Alfie Faulkner | Eben Stone |
| Jay Gillard | Daniel Wharf |
| Benji Gleave | Theo Young |
| Sofia Grimes | |

Congratulations to Alex Evans and Theo Young from team Congo who were the named winners of our 2023 Rotary Enterprise Challenge. Congo's product was handmade snoods, and one member of the audience even commented that they were still pleased to be wearing the one that they had purchased at Oldfield's Christmas fair. Judges were particularly impressed with the way in which Alex and Theo responded to some tough questioning from the audience. Well done Alex and Theo.

A special thank you also to Anni Maya Hollis, CJ Delavinas Tovey, Evan McLain, George Sweet, and Imogen Yap from Year 12 who stepped last minute to serve our guests refreshments on the evening of the finals.

Mrs Britton Head of Business Studies

BBC Apprentice—You have been hired!

During our business studies classes, our students have been selecting a candidate that they thought would win the title of this year's BBC Apprentice. Each week our students have been crossing off the fired apprentices by following their journey through the BBC Series.

Congratulations to the following students who successfully selected Harpreet, who was this year's winner of the BBC Apprentice;

Year 13: Fletcher Lucas-Smith, Year 12: Charlie Garmston, Year 11: Yousaf Noordin and Issy Evans, Year 10: Scarlet Nye, Masood Garder and Jelani Prehaye.

We always encourage our KS4 and KS5 students to watch business studies related media to help develop their subject knowledge. I have therefore listed some other business studies related documentaries below:

YouTube Sir Alex Ferguson – Secrets of Success	BBC iPlayer Inside Lehman Brothers: The Whistle Blowers Inside the factory
Netflix The Founder Steve Jobs – Billion Dollar Hottie The Social Network Inside Bill's Brain American Factory Fyre – The greatest festival that never happened The Big Short The Great Hack	Amazon Prime Generation Start Up Pepsi vs Coke Jobs vs Gates Starbucks Unfiltered Facebook – Cracking the Code Rich and Famous Fortunes The Internship Trump – What's the deal? Data Centre – The true cost of the internet The Millennial Dream Business Mindsets for Success Learn From The Experts - Jeff Bezos, Amazon Founder

Photography Competition Winners

We had some great entries for our photography competition with the theme of "colour". We were very impressed by these beautiful results.

Let's Make Music!

School Voices

We collaborated with Bath Phil in a project organised by Bath Festivals. Students from all Bath secondary schools got together to write four original songs which we performed as part of the "Party in the City", in the Abbey, and at the "Concert for the People of Bath", at the Forum. The songs were beautiful and, true to form, I was so moved by the quality of the songs and the singing that I was reduced to tears more than once during rehearsals and in the actual performance! The performance in the Forum was accompanied by a full (huge!) Philharmonic Orchestra – such an exciting experience which I am certain won't be forgotten. Our Year 7 students were exemplary throughout and I was so delighted to be able to involve them in this event.

You can hear their performance here on the website; www.oldfieldschool.com/news/school-voices-project/

Bath Philharmonia Orchestra Project

Our Year 10 Music GCSE students and students from Concert Band, in conjunction with students at St Mark's School, wrote a piece of orchestral music which they then performed alongside Bath Phil in a concert in the Forum. The music they wrote was stunning and their performance was utterly captivating. They worked incredibly hard on learning their music and were really patient during the rehearsal where they had to stand on the stage for quite a long time while everything was being perfected – an exhausting but rewarding process. This has been such an exciting opportunity and is one that I hope to repeat in future years.

Mrs Robinson, Head of Music

Flying Start Challenge

Flying Start Aerospace Competition – Product Design

Flying Start Challenge Grand Final!

'Bob the builders' Team had a great day at University of Bristol for the Grand Final of the Aerospace competition.

They took part in many engineering challenges, experienced a flight simulator and saw the wind tunnels. They flew their glider an impressive 15 metres, not far short of the winning glider at 20 metres. Unfortunately, they didn't win, however watch out - they are the future engineers in the making! Well done, William, Joschi, Finlay, Alex.

Miss Fielding, D&T: Product Design

EVENTS AND ACTIVITIES

Ski Trip 2023

Over the Easter Holidays, Oldfield School travelled to Andorra for a week skiing in the region of Grandvalaria. The ski area had peaks well above 2000m and therefore students had more than 75% of the ski terrain still accessible. Students were placed into 4 different ski-ability groups and it was fantastic to see that all pupils progressed hugely throughout the week. They also had the opportunity to work in teams and participated in lunchtime and afternoon challenges. Scores were added up over the week and at the end of each day we hosted a court session where pupils could reflect on the skills, chills and thrills of each day. The cause of great excitement amongst staff and students alike was the nomination of peers for the "moose of the day" award.

Those who received the award were required to wear a moose helmet for the entire duration of the next ski day! I hope all pupils had a great time and I look forward to planning the next Oldfield School Ski Trip.

Mr Gann, Head of Maia House

OLDFIELD
SCHOOL

CAREERS FAIR
21ST APRIL 2023

Last month we ran another great careers event - our annual Careers Fair. We had a wide range of local employers and education providers, which we are hoping to expand even more next year. We are very pleased to share that all the exhibitors were really impressed with our students. Students were friendly, engaged and came prepared with some interesting questions. Employers just love this, and it makes them want to come back again. Thank you to all the staff for helping our students prepare for the event.

As usual, all career information, including live apprenticeship opportunities, and engagement with employers are on the school's website under the careers section; www.oldfieldschool.com/school-information/careers-guidance-work-experience/

Mrs Rawlings, Careers Advisor

DIVERSITY DAY

On Thursday 11th May we celebrated our first 'Diversity Day' which saw Years 7,8,9,10 and 12 taking part in a range of activities centred around diverse and inclusive topics; from exciting sports activities, chopsticks, sign language and art, to workshops, diversity lessons and quizzes. Students attended assemblies from external agencies, lessons planned by their class teachers and a whole year group quiz. The aim was to bring awareness to the variety of students and staff at Oldfield and to celebrate in the uniqueness of our community. We hope that students enjoyed the day and look forward to making them a regular feature in the calendar.

The Art & Technology department had some lovely collaborative working from all years across the school, coming together to create a diversity day patchwork.

In Hemmings, we had two sessions running. One was run by SASS, the Autism support

service, and the other was a neurodiversity workshop run by a parent, Helen Barron, an Educational Psychologist. SASS ran two sessions during lessons 1 and 2 and the students engaged brilliantly with this. It was focused on understanding autism and communication. The team also had a young adult with autism with them who enjoyed speaking to the students and our students responded well to this.

For the other session we invited students along and Helen ran one session for younger pupils, lessons 1 and 2, and another for older students, lessons 3 and 4. Each session was 2 hours long and it was focused around capturing SEND students' voices.

Both visitors said how well engaged the pupils were and how lovely the school is.

Students in the Skills centre created some lovely murals with the post it notes and hands that were decorated by students from around school, celebrating everyone's individuality and uniqueness.

Thirteen students have taken part in the National Theatre New Views project this year working with professional playwright Christopher William Hill. Students have attended workshops and feedback sessions and we were delighted when three of our students: Amy Pix, Verity Watson and Rosie Savory entered their finished plays to the national New Views competition.

We are really excited that Verity Watson's play 'Big and Small' has been long-listed in the competition from over 900 entries. Watch this space to see how she gets on!

DRAMA PERFORMANCES

Year 12 and 10 drama students performed their examination pieces to an invited audience on 18th May. Year 12 reinterpreted their a scene from the play '100' whilst GCSE students performed their own devised pieces: 'Emotions', 'Home' and 'The innocent never win'.

Year 11 Also completed their final GCSE exam this term – here are pictures from their most recent exam where they had to perform extracts from a script. Year 11 have been an absolute pleasure to teach over the last two years. From the wonderful performance they gave in Year 10 of Romeo and Juliet at the Tobacco Factory Theatre in Bristol through to their written exam which they completed last week. We wish them all the best in the future!

Mrs Bloomfield, Head of Drama

Year 10 Netball

The Year 10 netball squad had their last match of the season against Hayesfield in what turned out to be a fantastic end to the season. It was full of drama, determination and a high level of netball skill on show!

The game got off to a fast and furious start with only 3 goals being scored in the first 5 minutes. Both teams were locked in at both ends of the court trying to take advantage of errors.

Our defence were awesome, taking interceptions and causing issues for their attack but at times we were just unlucky and couldn't capitalise on it in the shooting circle. Our attack worked non-stop to take advantage of possession down the court and delivered some crucial balls in.

As a coach I could not have asked anymore of the players who gave their everything out on the court for the team. Unfortunately we were just not able to compete against a very strong Hayesfield attack unit and were unable to secure the win.

Congratulations to Evie for being voted player of the match and we are all looking forward to the Year 11 season!

Mrs Little, Deputy Leader of Learning PE

You can read more reports from our fabulous Year 10 netballers on the website here;

www.oldfieldschool.com/news/

Year 10 football v St Greg's— 28.03.23 (GAC)

On Tuesday 28th March, the Year 10 football team travelled to St Greg's and competed within the BANES division league. Despite having some key absences and players playing out of position, we managed to keep the tempo of the attack high with effective variety of passing.

Unfortunately, St Greg's scored an early goal and gave us an uphill contest. The final score was 5-2. Oli Holt was player of the match.

Mr Gann, PE teacher

Girls Somerset Cup Final - U13

The girls played a superb game vs a very strong Gordano side and unfortunately lost 4-0.

The girls started as the stronger side and had a few chances before conceding a very unlucky penalty that was duly dispatched by the Gordano forward. Oldfield continued to press but lacked real quality in front of goal but played some very attractive football. Half time 1-0.

The second half started in similar fashion with Oldfield pressing and using the wings to create space but again struggled with a final product. Gordano stepped up their game and started to dominate in particular in the physical battle, Oldfield did not drop their heads but Gordano took full advantage of fatigue and their forward scored 3 more which made the score line very flattering to them.

Overall the girls did a superb job against a very strong side. They played some superb football en route to the final and can be very proud of their achievements.

Mr Dorman, PE Teacher

Year 7 Boys Football

Beechen Cliff B 1- Oldfield B 7

This was a fantastic game and result for Oldfield. A much changed squad for Oldfield resulted in a superb performance and resounding result.

The boys attitude and application was excellent and they played positive attacking football against a tough opponent.

Man of the Match: Jayden

Well done to all players!

Mr Dorman, PE Teacher

Year 8 BANES league cup final—Oldfield Champions!!

Having been drawn against Writhlington, St Greg’s, Broadlands and Beechen Cliff in the B&NES league, the Year 8 team knew there would be some tough games to qualify for the final. There were a couple of games affected by not being in school which played into our hands but the games we did play were won convincingly.

The league cup final was played against Somervale and Oldfield got off to a strong start, dominating possession throughout the first half. We didn’t make as many scoring opportunities as we would have liked but all players were comfortable on the ball and sure of their passes which made it hard for the opposition to dispossess us easily.

Oldfield were eventually able to break the deadlock through a freekick from Arlo which was nicely driven beyond the defense, allowing Louis to arrive in a timely fashion to slot it past the goalkeeper. Oldfield were 1-0 up at half time. In the second half we continued to dominate possession and through Louis’s persistence in chasing lost causes he managed to dispossess the opposition goalkeeper as he was trying to pass the ball out allowing him to go round him and score in an open net.

The final score was 2-0 and it was a well-earned cup final win for Oldfield. There were some excellent performances all over the pitch and the result was thoroughly deserved by the team. We very much look forward to next season’s defense of this title and hope we can have some more league and cup success with this team. Congratulations all involved in the Year 8 football team!

Mr Driver, Leader of Learning PE and Dance

Up and coming U13 & U15 Cricket Fixtures

- 06.06.23 – U15 vs Wellsway
